

Adult Safety Net

What is the Adult Safety Net (ASN) Program?

The ASN Program supplies publicly-purchased vaccines to enrolled providers to vaccinate uninsured adults who are 19 years or older at a low-cost.

Why do adults need vaccines?

- Adults, just like children, need vaccines to stay healthy.
- Vaccinating the community can stop preventable diseases.
- Vaccines help prevent work- or job-related diseases.

Scan the QR code to find a health center near you:

Who is eligible to receive ASN vaccines?

- Any adult aged 19 years or older who is uninsured is eligible.

(Adults with medical insurance, including Medicare or Medicaid are NOT eligible to receive ASN vaccines)

What vaccines are offered in the ASN Program?

- The following vaccines are offered through the Adult Safety Net Program:
 - Hepatitis A
 - Hepatitis B
 - Measles, mumps, & rubella (MMR)
 - Meningococcal
 - Tetanus, diphtheria, & pertussis (Tdap)
 - Tetanus-diphtheria (Td)

*ASN Program vaccines are subject to change based upon recommendations by the Texas Department of State Health Services (DSHS) Immunization Section. For more information, visit: <https://www.dshs.texas.gov/immunization-unit/adult-safety-net-program>

HOUSTON HEALTH
DEPARTMENT

Red de Seguridad para Adultos

¿Qué es el programa Red de Seguridad para Adultos (ASN)?

El Programa ASN suministra vacunas compradas públicamente a proveedores inscritos para vacunar a adultos sin seguro de 19 años o más a bajo costo.

¿Por qué los adultos necesitan vacunas?

- Los adultos, al igual que los niños, necesitan vacunas para mantenerse sanos.
- Vacunar a la comunidad puede detener enfermedades prevenibles.
- Las vacunas ayudan a prevenir enfermedades relacionadas con el trabajo.

Escanea el código QR para encontrar un centro de salud cerca de ti:

¿Quién es elegible para recibir vacunas por el programa de ASN?

- Cualquier adulto mayor de 19 años que no esté asegurado es elegible.

(Los adultos con seguro médico, incluidos Medicare o Medicaid, NO son elegibles para recibir las vacunas ASN)

¿Qué vacunas se ofrecen en el Programa ASN?

- Las siguientes vacunas se ofrecen a través de el Programa de Red de Seguridad para Adultos:
 - Hepatitis A
 - Hepatitis B
 - El sarampión, las paperas y la rubeola (MMR)
 - Meningococo
 - Tétanos, difteria y tos ferina (Tdap)
 - Tétanos, difteria (Td)

Las vacunas del programa ASN están sujetas a cambios según las recomendaciones de la Sección de Inmunización del Departamento de Servicios de Salud del Estado de Texas (DSHS). Para más información visite: <https://www.dshs.texas.gov/immunization-unit/adult-safety-net-program>
